

Palliative Care Needs Assessment Team (PaCNAT) Clinical Nurse Specialist

Waipuna Hospice is the sole provider of community based specialist palliative care services in the Western Bay of Plenty and an exciting new opportunity has arisen for an experienced registered nurse to develop the service and lead this team.

The purpose of this team is to coordinate services to support the patient whose need for specialist palliative care services is uncertain.

You will work with interdisciplinary colleagues to coordinate comprehensive initial assessments to determine current and future needs. Following the assessment the CNS will coordinate the development of the Inter disciplinary care plan and the handover to appropriate services

The person we are looking for will:

- Have a minimum of 4 years specialist palliative care nursing experience with preference for applicants with community or nurse specialist experience
- Have demonstrated ability to manage multiple priorities
- Excellent communication skills (written, verbal, non-verbal)
- A "can do " attitude
- Ability to work independently and as part of a team.
- Have a sound knowledge of community and/or inpatient based care
- Have experience in managing projects
- Have enthusiasm and energy to work within an interdisciplinary multidisciplinary team
- Have a commitment to the principles of the Treaty of Waitangi

If this sounds like you, we look forward to receiving your application.
