

Clinical Coordinator

Are you a leader capable of inspiring an in-patient team to provide the very best in individualised care?

At Hospice Southland we are passionate about the opportunity we have to provide the very best care for our patients and their families. We take huge pride from the strong community support we receive which ensures we are empowered to bring this to reality.

If you believe you can lead an in-patient team encouraging the very best in clinical practice and teamwork, then this may be the role you have been seeking.

You will be leading the In-Patient Unit and coordinating with the wider Hospice Southland team as well as the many community agencies that we liaise with.

A particular interest in Palliative Care, coupled with excellent communication skills, strong organizational abilities, and an aptitude for leading and developing talented people are crucial. Post-graduate education in Palliative Care whilst highly desirable, is not essential.

Hospice Southland is the Palliative Care Specialist Provider for the region of Southland comprising 100,000 residents. We have a modern Hospice Building located within the grounds of Southland Hospital with whom we share a strong working relationship.
