

Nurse Team Leader – Hospice North Shore

1.0 FTE

Hospice North Shore is a specialist hospice and palliative care service which has been providing quality, professional and dedicated care to patients and families for over 30 years. The hospice is committed to a forward thinking and innovative approach to service development and collaboration.

About the Role

The Nurse Team Leader will ensure the provision of specialist palliative care to patients and families in the Inpatient unit (IPU) and the community through leadership and management of resources, systems and processes.

On a day-to-day basis, this role will be based within the Community Team (CPC) and will involve a 50% patient and/or coaching load depending on the acuity levels and need. The role will have overall responsibility for both nursing teams (IPU and CPC) ensuring the provision of high quality, seamless care.

The role will work closely with the IPU Team Leader, Clinical Development Specialist and the Referral Coordinator and will represent the nursing teams in the Clinical Leadership meetings.

About You

As a senior clinical leader in palliative care, you will have the ability to effectively articulate evidence based nursing, quality and education advice to a multi-disciplinary team. You will be a natural communicator who is able to lead, motivate and inspire others.

You will be able to see opportunities to improve the quality of service we provide, manage budgets and actively participate in risk/compliance activities.

You will also have:

- Masters or Post Grad Diploma in speciality nursing practice
- Minimum Level 4 PDRP with an expectation to work towards Level 5 (Senior) within 6 months
- Collaborative working style
- Strong communication skills

This is a fantastic leadership role where you will be hands on with patient care and coaching of staff.
